

The Modular Seating System

*Versatility
at its best!*

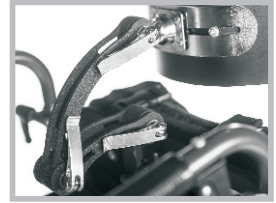

New!
Independent
Foot Rests

This unique modular design gives you a highly versatile postural management system that can be easily adjusted to provide your child with optimal support.

The Modular Seat has been specifically developed to incorporate maximum adjustability to cater for your child's needs as they grow.

As standard, the modular comes with the new multi positional ball joint headrest, and full length angle adjustable hip guides.

The system can be used on a wide range of wheelbases including the majority of other manufacturers' systems.
