A200 Power Wheelchair

Get in and go!

The A200 is the perfect consumer power wheelchair for anyone who simply wants to get in and go! Its rear-wheel drive makes it easy for first time users to control, and at only 22 ½ narrow inches, its stable, compact design maneuvers nimbly in any indoor environment.

Tool-less seating adjustments and a swing-away joystick allow the A200 to be quickly adapted to the user, while mechanical elevating leg rests easily lift legs for a change in position. Want to visit friends and family? Modular construction and integral tie-down points make the A200 a great travel partner.

The A200. ***Get in and go.***
