Locomotor Disposable Sling

The Locomotor Disposable Sling has been developed to provide a cost effective patient handling solution to the increasing challenges of infection control. It is a general purpose sling designed to be issued for single patient use, creating a modern twist on a design classic, while continuing to incorporate our signature safety harness. It has a small toileting aperture and is suitable for most transfers on any hoist designed to take a 'loop fix' sling.

The Locomotor Disposable Sling is available in five sizes.

- ✓ Infection control maximised
- ✓ Laundry costs eliminated
- ✓ Integral Safety Harness - Patent: GB 2441390
- ✓ 230kg weight limit
