

### Overview:

The G3 model features electric operation of height, backrest angle and Trendelenburg tilt facility for improved patient positioning for gynaecology and colposcopy procedures. This couch has a seat section with a cut-out area and the option of a removable extension which increases the overall length of the couch. The Trendelenburg facility provides pelvic tilt to  $-20^\circ$  and offers a recovery position in the event of fainting or light-headedness. Additionally, the electric backrest can be positioned up to  $85^\circ$  for sitting procedures or lowered to  $-15^\circ$  to aid patient recovery when required. Standard accessories include the matching head cushion, height adjustable armrests, leg supports, and removable debris tray.

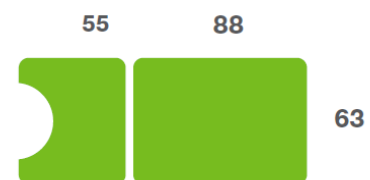

### Benefits

- Lifetime frame & 5 year parts guarantee - see website for further details
- Electric operation of height, backrest and tilt facility for ease of patient positioning
- Leg supports with both height adjustment and multi-angular placement
- Seat section with cut-out area and option of extension for patient positioning and recovery
- Height adjustable arm supports for patient comfort and security
