

MTS SafetySure TransferEase Patient Mover

This patient mover makes it easy for a caregiver to transfer his/her patient wherever needed. It has a thin, warp-resistant, smooth polyethylene board that has built-in handles for convenient positioning. Uneven transfers become effort free thanks to the semi-rigid shifter bridges uneven gaps. This patient mover easily slides on a bed sheet or stretcher pad. It is available in 18" x 72" (46 cm x 183 cm) in Aqua and 22" x 72" (56 cm x 183 cm) in Aqua and White.
